

Exsel Pumps Ltd provides a range of temporary pumping solutions supporting the utility, construction and leisure sectors and is the operator of a fleet of pumps and associated equipment.

Based in Fareham (Hampshire), we have a fleet of modern portable pumps for the pumping of water, liquid waste and both raw and treated sewage, available across the UK.

Whilst our main focus is on the supply of pumps, we also carry out a number of other services for our customers including installation, maintenance and fuel supply.

Exsel Pumps is part of the Turner Group who operate a diverse range of companies throughout the world in a variety of industries, including Facilities Management, Aviation, Diesel Power, Transmissions, Wind Farm Support, Vehicle & Plant Hire and many more.

A handwritten signature in black ink, appearing to read "Rob Hamber". The signature is fluid and cursive, with a horizontal line extending to the right.

Health and Safety:

Exsel Pumps is committed to ensuring the health, safety and welfare of our employees and those who we work with. As such, we will:

- Maintain and continually improve a fully documented Health and Safety Management System in line with ISO 45001:2018
- Effectively control and communicate the health and safety risks of our work activities and prevent accidents and cases of work related ill health.
- Comply with all relevant legal and other requirements that are applicable to our business activities.
- Strive to create and maintain the safest working environment for everyone who works with us (including employees and our contracted 3rd parties) and engage all employees on day-to-day health and safety conditions: '*Work Safe Home Safe*'.
- Raise awareness, educate and provide training for staff on health and safety matters and provide appropriate resources to ensure that this health and safety policy is implemented in full.
- Provide and maintain plant and equipment and ensure the safe handling and use of substances during work activities.
- Regularly monitor our performance to identify any areas for improvement to ensure that we achieve our health and safety objectives and continually improve our performance.

Quality:

Exsel Pumps is committed to providing its customers with products and services which fulfil their expectations. As such, we will:

- Manage and continually improve a fully documented Quality Management System based on the requirements of BS EN ISO 9001:2015.
- Provide the best possible service to our clients at all times.
- Raise awareness, educate and provide training to staff on quality matters and provide appropriate resources to ensure that this Quality Policy is communicated and implemented in full.
- Regularly monitor our performance, conduct internal quality reviews and identify opportunities for continuous improvement to ensure that we are achieving our quality objectives and targets.

Environment:

Exsel Pumps considers care for the environment to be critically important and is committed to continually improving our environmental performance at all levels. As such, we will:

- Maintain and continually improve a fully documented Environmental Management System based on the requirements of BS EN ISO 14001:2015.
- Comply with all relevant legal and other requirements that are applicable to our business activities.
- Develop management and operational procedures to prevent pollution, minimise waste, conserve resources and promote recycling wherever practicable.
- Review our management and operational procedures and significant environmental impacts identified will be managed to minimise the harmful effect that may have on the environment.
- Raise awareness, educate and provide training to staff on environmental matters and provide appropriate resources to ensure that this environmental policy is implemented in full.
- Establish environmental objectives and monitor our performance against them.

This QHSE Policy will be communicated within Exsel Pumps and will be made available to other interested parties via the organisation's website. The QHSE Policy will be reviewed on an annual basis and, where necessary, revised. Any relevant changes will be communicated to all interested parties.
